product_info:"<div class='track-title'>Motorsport Ranch Cresson</div>
<p>Motorsport Ranch Cresson, A Country Club for motoring enthusiasts –
including sports cars, race cars, and motorcycles. Established in 1996,
the Ranch introduced and pioneered this new concept. Just as a golf
country club centers its activities around a golf course, this club
centers around a purpose-built road racing course. Two courses,
actually, as a second road course has been added to the facility. Think
of MotorSport Ranch as a place that its members go to satisfy that “need
for speed”. Many people own a sports or high performance car, or even a
vintage race car. The Ranch is a place to explore the potential of these
cars and for the drivers to develop and practice their skills. The Ranch
offers convenience and accessibility for its members who do are able to
treat performance driving as a sport or a hobby.Practice driving skills
on one of two road racing courses, a 1.7 mile and a 1.3 mile
circuit.</p>"
